

START

*Please note that newly collected tissue samples passing a pathologist are counted as archived material. In these cases, one of the appendixes L1a, L1b or L1c is required.

For all applications, please remember to append:

- Copy of signed ethical review application
- Decision of an Ethical Review Board (can be submitted later on)
- Information for patient/research participants with the informed consent form

If the application concern existing samples please remember to append L1a, L1b and/or L1c
